Alberta Cup April 24-27

THE SPRING SHOWCASE

The Alberta Cup aids in the identification and selection of potential players for Hockey Alberta's Team Alberta program. In addition to player development, the Alberta Cup features opportunities for administrators, referees, coaches, therapists, and equipment managers to be identified for potential positions at higher level events, such as the World U17 Hockey Challenge and Canada Winter Games.

Alberta Challenge May 1-4

The Alberta Challenge is a core Hockey Alberta female development program, providing players, coaches, therapists, equipment managers, administrators and referees an equal opportunity to discover the great qualities of competitive hockey.

The Alberta Challenge aids in preparation, evaluation and identification of potential players for Hockey Alberta's Team Alberta program and is a grassroots program. Through the camps, the players are able to measure themselves against other players of the same age and receive instruction from some of the best coaches in the province. For those selected to the regional teams, the Alberta Challenge is a taste of top competition.

Prospects Cup May 8-11

The Prospects Cup is the third tournament of the Spring Showcase and the first step of the Hockey Alberta Development program. It provides second-year U13 athletes, coaches, trainers, and administrators an opportunity to discover the qualities of competitive hockey in a well-organized regional camp and select team competition.
